

# TAKING YOUR BREATH AWAY

## WHAT CAN STRANGULATION LOOK LIKE?

HALF OF STRANGULATION CASES LEAVE NO VISIBLE INJURY. HERE'S WHAT YOU DON'T SEE:

- Loss of memory
- Behavioural changes
- Loss of sensation
- Weakness in extremities
- Difficulty speaking, swallowing, breathing
- Urination, defecation, vomiting, fainting
- Dizziness, headaches
- Ringing in ears
- Bruising behind ear, bleeding in ear
- Swollen tongue

HE MAY TAKE YOUR BREATH AWAY. BUT NOT LIKE THAT. VISIT [YRCCS.CA](http://YRCCS.CA).
